| <b>About</b>               | AM Foundation is the Corporate Social Responsibility (CSR) arm of AM International Holdings. The impact investing efforts of our group companies are consolidated under the foundation, enabling our companies to create value beyond our core business activities.                                                                    |
| <b>Objective</b>           | AM Foundation's objective is to bridge gaps in the healthcare ecosystem and bring quality healthcare closer to vulnerable communities. The foundation's efforts are in line with the focus of Government of India on improving India's global healthcare, sanitation in large scale and partaking in the Swachh Bharat campaign drive. |
| <b>Established</b>         | 2015                                                                                                                                                                                                                                                                                                                                   |
