

AM Foundation Fact Sheet

About	AM Foundation is the Corporate Social Responsibility (CSR) arm of AM International Holdings. The impact investing efforts of our group companies are consolidated under the foundation, enabling our companies to create value beyond our core business activities.
Objective	AM Foundation's objective is to bridge gaps in the healthcare ecosystem and bring quality healthcare closer to vulnerable communities. The foundation's efforts are in line with the focus of Government of India on improving India's global healthcare, sanitation in large scale and partaking in the Swachh Bharat campaign drive.
Established	2015
Headquarters	Chennai, India
Our Approach	We partner with state agencies for the running and administration of primary healthcare centres. Our aim is to provide communities in remote areas with comprehensive care – from prevention to treatment.
